

Logan Mondal Bhamidipaty

l.m.bhamidipaty@sms.ed.ac.uk / <https://logan-mondal-bhamidipaty.com/> / +1 (408) 680-4736

EDUCATION

University of Edinburgh

Expected Graduation: 2029

Ph.D. in Computer Science, Artificial Intelligence

Co-advised by Mykel Kochenderfer (Stanford) and Ram Ramamoorthy (Edinburgh)

Stanford University

June 2025

M.S. in Computer Science, Artificial Intelligence

GPA: 4.0+

B.S. in Mathematics

GPA: 3.8

ACADEMIC EXPERIENCE

Research Assistant, Stanford Intelligent Systems Laboratory (SISL)

Jan 2024 – Present

Advised by Mykel Kochenderfer and Trevor Hastie

- Conducting research on generative world models and robotic planning.

Research Assistant, Stanford AI for Human Impact (AI4HI)

Sep 2024 – Jun 2025

Advised by Emma Brunskill

- Worked on data-efficient strategies for decision policy alignment.

Research Assistant, Stanford Intelligence through Robotics at Scale (IRIS)

Jun 2023 – Jun 2025

Advised by Chelsea Finn

- Scaled RLHF methods for VLMs in multi-task, language-conditioned learning.
- Devised a new algorithm for POMDP exploration using ideas from meta-RL.

Research Assistant, Stanford Brains in Silicon

Jun 2022 – Jan 2024

Advised by Kwabena Boahen

- Published a platform for dynamical systems identification inspired by OpenAI's Gym.

Research and Teaching Assistant, Stanford Department of Economics

Sep 2022 – Jun 2023

Advised by Paul Milgrom

- Wrote a 13-chapter market design course reader with proofs and online exercises.

PROFESSIONAL EXPERIENCE

Economic Consultant, Auctionomics

Feb 2024 – Dec 2024

- Support Nobel laureate Paul Milgrom's expert testimony and advise defense counsel in *United States v. Google LLC* (online display advertising antitrust case).

PAPERS

*denotes equal contribution
