Logan Mondal Bhamidipaty

l.m.bhamidipaty@sms.ed.ac.uk / https://logan-mondal-bhamidipaty.com/ / +44 7340 415607

EDUCATION

University of Edinburgh Expected Graduation: 2029
Ph.D. in Computer Science, Artificial Intelligence
Co-advised by Mykel Kochenderfer (Stanford) *and Ram Ramamoorthy* (Edinburgh)

Stanford University June 2025
M.S. in Computer Science, Artificial Intelligence GPA: 4.0+
B.S. in Mathematics GPA: 3.8

ACADEMIC EXPERIENCE

Research Assistant, Stanford Intelligent Systems Laboratory (SISL) Jan 2024 – Present
Advised by Mykel Kochenderfer and Trevor Hastie

- Conducting research on generative world models and robotic planning.

Research Assistant, Stanford AI for Human Impact (AI4HI) Sep 2024 – Jun 2025
Advised by Emma Brunskill

- Worked on data-efficient strategies for decision policy alignment.

Research Assistant, Stanford Intelligence through Robotics at Scale (IRIS) Jun 2023 – Jun 2025
Advised by Chelsea Finn

- Scaled RLHF methods with Rafael Rafailov for VLMs in multi-task learning.
- Devised a new algorithm for POMDP exploration using ideas from meta-RL.

Research and Teaching Assistant, Stanford Department of Economics Sep 2022 – Jun 2023
Advised by Paul Milgrom

- Wrote a 13-chapter market design course reader with proofs and online exercises.

PROFESSIONAL EXPERIENCE

Anthropic Fellow, Anthropic Aug 2026 – Nov 2026
Selected from 10,000+ applicants (<1% acceptance rate)

- Published two state-of-the-art methods for iterative reward design.
- Wrote a forthcoming Anthropic blog post on helpful, honest, and harmless robots.

Economic Consultant, Auctionomics Feb 2024 – Dec 2024

- Worked directly with Nobel laureate Paul Milgrom to support his expert testimony and advise defense counsel in *United States v. Google LLC* (online display advertising antitrust case).
